January 19, 2010 will be an exciting day for Anthropology. Although much work has been done by the department to make ready, January 19th will be the official first day of school for the new Anthropology Research/Lab and Graduate Student space.

All successful projects are the result of good collaboration and hard work by all stakeholders. Our thanks go out to everyone: College of Liberal Arts, Anthropology, Aecix, Award Construction and their subcontractors, Haldeman Homme, Innovative Office Solutions, Facilities Management, Networking and Telecommunications, Classroom Technical Services and Alexander's Mobility Services. Great job!
