Who is Innovative?

Innovative Office Solutions is a progressive, independent and women-owned provider of office productivity solutions. Through a full portfolio including office products, furniture and design, facility and breakroom supplies, workplace branding, kitting and assembly, and technology solutions, Innovative is more than just a name, it's the culture. The entire staff is continually looking for new ways to make your workplace successful while providing a fantastic customer experience. Innovative brings everything in your workplace together.

INNOVATIVE IS A DIVERSITY SUPPLIER

Innovative is a certified woman owned business by the Women's Business Enterprise National Council (WBENC). We are proud to be a diversity supplier and carry out the WBENC mission by fostering diversity in the world of commerce and promoting innovation and growth by partnering with minority owned vendors and suppliers.

INDEPENDENT AND LOCAL WITH A NATIONAL REACH

Being an independent entrepreneurial business puts us in a very nimble position to design customized programs and react quickly to all of your needs. With 72 distribution centers nationwide and free next day delivery, we'll make sure your workplace is productive wherever you have locations.

Jennifer Smith, CEO

Business & Community Economic Development

Awards, Incentive & Recognition (AIR)

The Awards, Incentive & Recognition (AIR) Program is designed to recognize University departments, as well as individual staff persons that demonstrate exemplary efforts in supporting and doing business with Targeted Businesses (women/minority/disabled owned business enterprises - WMDBEs).

Through this program departments can receive financial rewards based on their efforts to purchase goods and services from Targeted Business while individual staff will also be recognized and rewarded for their work in assisting and creating business opportunities for Targeted Businesses.

Goals

- Provide financial incentives to departments doing business with Targeted Businesses
- Increase spending with Targeted Businesses on non-competitive bidding contracts
- Recognize individual staff efforts for increasing opportunities for Targeted Businesses
- Increase expenditures with Targeted Businesses to 10% of all University purchases

This program is managed the University of Minnesota's Office for Business & Community Economic Development.
