 - Problem solving through design and product selection
 - Design and space planning
 - Create Customer Presentation using InDesign software
 - Keep open lines of communication with Account Executives to ensure project success
 - Prepare drawings and specifications
 - Prepare project renderings
 - Obtain installation quotes as needed
- Selection | Work with Furniture Designers to:
 - Prepare RFP response documentation
 - Prepare final pricing with the design team
 - Working knowledge of MBS-Dev to be able to import XML file and verify accuracy.
- Project Execution | Work with Furniture Designers to:
 - Prepare installation documents
 - Follow protocol for file management
- Team Work | Work with Furniture Designers to:
 - Openly exchange ideas and opinions with co-workers and ask for help when needed
 - Work with walk-ins to select furniture.
 - Work inventory into furniture proposals whenever possible
 - Prioritize work load and have a customer first attitude
 - Maintain a positive attitude and overall communication
 - Other Duties As Assigned

Qualifications a plus:

- Knowledge and aptitude for computer systems including:
 - AutoCad
 - InDesign
- Preferred knowledge and preferred for computer systems including:
 - MBS-Dev or company ERP systems
 - CAP / Worksheet / 2020
 - Visual Impressions
- Ability to work independently and in a collaborative, team environment.
- Work well under pressure and achieve deadlines.
- Have problem solving abilities.
- Ability to record and work with detailed information accurately.
- Have strong persuasive and interpersonal skills.
- Ability to communicate both written and orally.
- Must be reliable and prompt.
- Must be computer literate.
